To whom it may concern

01 January 2019

Statement: RoHS

We can confirm that, based on our current knowledge of the raw materials used in our manufacturing process and the information we received from our supplier, that all Avery Dennison Performance Tapes, manufactured in Turnhout, Belgium, are in compliance with the requirements of the European Directive 2011/65/EU on the restriction of the use of certain hazardous substances in electronic equipment, known as 'RoHS'.

The restricted substances listed below are not intentionally added or used during the manufacturing of our products.

The restricted substances involved and their maximum concentrations values by weight are:

- Lead (0.1%)
- Mercury (0.1%)
- Cadmium (0.01%)
- Hexavalent Chromium (0.1%)
- Polybrominated biphenyls (PBB) (0.1%)
- Polybrominated diphenyl ethers (PBDE) (0.1%)

Substances includes in the Amendment of 31 March 2015, (EU) 2015/863 (mandatory from 22 July 2019)

- Bis(2-ethylhexyl) phthalate (DEHP) (0.1%)
- Butyl benzyl phthalate (BBP) (0.1%)
- Dibutyl phthalate (DBP) (0.1%)
- Diisobutyl phthalate (DIBP) (0.1%)

The disclosed information referenced above is provided to you in good faith and based on Avery Dennison's knowledge of the products and information provided by our raw materials and component suppliers. Avery Dennison has not conducted testing and we recommend that you or your customer(s) make your own determination on the suitability of the products listed above for your particular application. This information is subject to revision when additional knowledge / information is obtained.

Yours sincerely,
